Bedding Solutions

A trend-focused design
office at your service.

**From cozy classics
to designer looks
we've got you
covered.**

A refined bedroom ambiance showcasing one of our bedding creations.

One of our highlights: the **FIZZ bed**, combining modern design and optimal comfort.

A refined bedroom atmosphere featuring our graphic headboard and bedding ensemble

A large blue robotic arm, labeled 'ANALIZANT', is positioned in a wood processing facility. It is surrounded by safety fencing and is working on a conveyor belt of wooden planks. In the background, there are stacks of wood on pallets and various industrial equipment.

A next-generation robot offering unmatched manufacturing precision.

This is just an overview of everything we can do

This catalogue presents a non-exhaustive selection of our products. We offer many other possibilities and tailor-made solutions to meet your needs.

Don't hesitate to contact us
we'd be happy to explore other options with you.

At Alpha interior, each week, an average of 16 fully loaded trucks head west with our bedding collections, bringing comfort and quality to our customers with clockwork precision.

Need responsiveness? *We answer fast.*

Need volume? *We scale up.*

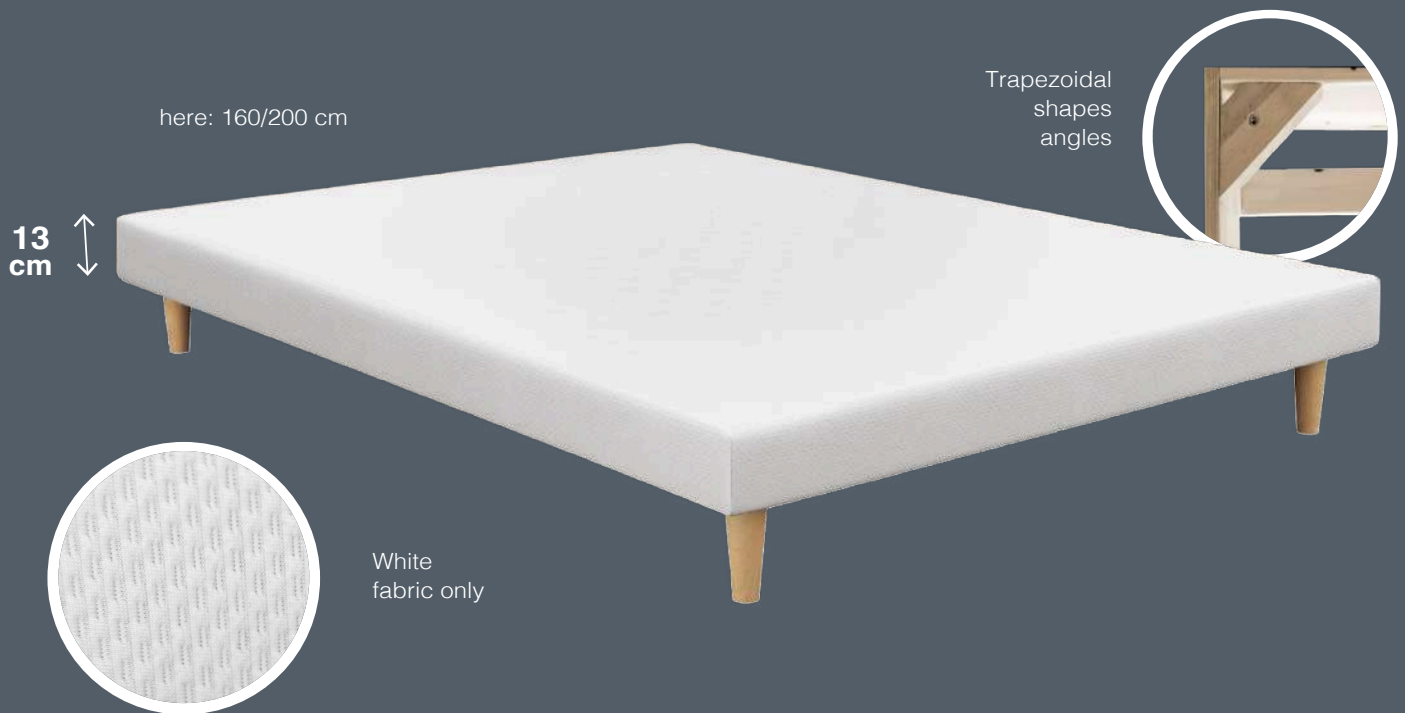

Need reliability? *We're already moving.*

More than a supplier, Alpha Interior is your structured, export-ready partner trusted by distributors, retailers, and private label clients all across Europe.
